The Buyers Guide provides important information about the accessibility, availability and affordability of (a) learning resources that should be used to meet learner and curricular expectations as defined in the Alberta Course of Studies and (b) also "high demand" learning products that teachers, students and parents can use to enhance student learning.

3) LEARNING RESOURCES CREDIT ALLOCATION (LRCA)

Purpose

a) PURPOSE

The Learning Resources Credit Allocation (LRCA):

Assists eligible Alberta school authorities provide educational programming and enhance learning of Alberta Grades 1 to 12 students, by subsidizing up to 25% of the cost of learning resources to a credit dollar amount maximum for resources carried by and purchased from the LRDC.

Operating Principles

b) OPERATING PRINCIPLES

- School authorities eligible to receive the LRCA are:
 - ⇒ All school authorities receiving ASFF per pupil instructional grant;
 - ⇒ Accredited Private Schools under Section 22(2) of the School Act; and
 - ⇒ Band Operated and Federal Government Administered Indian Schools
- Eligible School Authorities receive **\$9.30** per grade 1 to 12 students, (as of September 30, 1997) **credit** at the LRDC for the **purchase of any** learning resource carried by the LRDC, unless otherwise noted.

Operating Procedures

c) OPERATING PROCEDURES

- **The 1998-99 credit ends March 31, 1999.**
- The LRCA **will automatically be applied** to the list selling price of any product at the time of invoicing until the full credit amount is used by the school authority or unless the purchase order requests that the LRCA not be accessed for the order.

NOTE: All LRDC invoices will identify the (a) amount of LRCA used and (B) amount remaining, by school and school authority.

- The LRDC will record and report LRCA purchases by individual school, on behalf of the school authority, only if requested by completing and returning Section I of Appendix B of the LRCA information package to the LRDC.

NOTE: Purchase orders must identify the school.

- The full list selling price will be charged once the credit amount is fully used.

4) **Distribution of the Print Buyers Guide and Supplements**

Timing and Distribution Basis

a) **PRINT VERSION**

Each April a new print Buyers Guide is distributed to each **School Authority Central Office** for further distribution to their individual schools. **The print Buyers Guide is split into three divisions for the English edition (Elementary, Junior High and Senior High versions) and one complete listing for French.** With the increased accessibility of the LRDC Buyers Guide on Internet, the 1998-99 distribution ratio is based on one insert per school's grade designations and the same for Central Office use. Schools that may have no formal Central Office such as Private Schools, receive one copy. The 1998-99 Buyers Guide is listed for sale in the General Learning Resources section.

The LRDC hopes to eliminate the print Buyers Guide soon by having all customers access product information and ordering through its Internet site.

b) **CONSOLIDATED SUPPLEMENTS**

Consolidated Supplements

The LRDC will continue to provide print Buyers Guide Supplements in 1998-99, listing new authorized resources since the issue of the annual Buyers Guide. Our goal is to reduce the number of supplements to one or two per year. When Supplements are received, you can recycle old Supplements and insert the "new" Supplement document after its corresponding tab. This format ensures customers will have to look in no more than two Buyers Guide documents to identify products they want to purchase.

c) **FRENCH LANGUAGE INSTRUCTION EDITION BUYERS GUIDE**

French Language Instruction Edition Buyers Guide

The French Language Instruction Edition Buyers Guide lists authorized products for Francophone and Immersion instruction. We send it to schools/school jurisdictions who offer French pursuant to Sections 5 and 6 of the Alberta School Act (1988). Extra copies are available for purchase - see General Learning Resource section.

5) **Key Features of Our Buyers Guide**

a) **Product listings are organized in alphabetical order throughout, first by program/course area, grade/level, series (if applicable) and then by product name.**

b) Alberta Education authorization designations are identified in the authorization status column. The authorization designations that have official authorized status with the department are Student Basic, Student Support and Authorized Teaching.

c) Most sections have their own individually numbered pages.
e.g. SLR - 1 Second Language Resources, page 1;
DE - 5 Distance Education section, page 5

d) Authorized Student Support learning resources not stocked for sale by the LRDC are listed as "VENDOR DIRECT". Please order directly from the publisher. Refer to our Publisher Index section for publisher information.

e) Authorized Resources which are "no longer available" from source are listed as "OUT OF PRINT."

f) New learning resources authorized and available since the 1997-98 Buyers Guide edition are identified by "**New**" in product listings.

Western Canadian Protocol resources are identified by "**WCP**" and Pan-Canadian resources are identified by "**PCS**".

- g) Authorized learning resources which may be **withdrawn** from the Alberta curriculum in August 1999 or later will be identified by an asterisk (*) and when possible by actual date.
- h) Publisher, author, year of publication/copyright, edition and ISBN of product are provided where available.
- i) **General Learning Resources** section lists resources in the following product groups: atlases, globes, maps, dictionaries, thesauri, testing material, manipulatives and miscellaneous items.
- j) Alberta Education publications are listed within their appropriate program/course area and are listed as "Education Resources." Legal documents appear at the beginning of each section as well as in General Learning Resource (GLR) section. Other Alberta Education documents that are of a general nature and not subject/program specific appear in the GLR section.
- k) LRDC also carries additional learning resources and materials that do not go through review evaluation by Alberta Education, but are carried because Alberta schools have expressed a "need" or "demand" for these specific products. These additional resources are labelled in the Buyers Guide Authorization Status column as "Extra Resources." Schools may choose to use these "extra resources" to supplement instructional activities or use them as instructional materials under Section 44 (2) (a.1) of the Province of Alberta School Act.
- l) Distance Education and Correspondence Education course materials developed by Alberta Education, Learning Technologies Branch (LTB); and Distance Learning Options South (DLOS) are meant to be used in any educational setting.
- m) Authorized software programs are listed within their program/course area.
- n) CAMP (Classroom Assessment Materials Project) resources are listed within their appropriate program/course area. For ordering convenience, refer to our CAMP order form in the Customer Forms section.
- o) Previously Administered Diploma Examinations (Grade XII) can be used as study copies by teachers, students and parents and are now listed in their appropriate subject area.
- p) The Materials Resource Centre (MRC), a division of the LRDC, services, products and equipment are listed separately in the MRC Catalogue, except for Print Disability Audiotapes which are included in their own section in this Buyers Guide.

6) LRDC MISSION AND CUSTOMER SERVICE

Learning Resource
Accessibility,
Availability,
Affordability & Equity

a) **LEARNING RESOURCE AVAILABILITY AND ACCESSIBILITY: DIRECT IMPACT ON QUALITY OF STUDENT LEARNING**

Educational research clearly concludes that the **quality of student learning, in part, is the direct result of the appropriate type and adequate number of learning resources being accessible and available** to teachers and students. Textbooks and other learning resources are primary determinants of what is taught, and since learning resources are the focus of up to 75% of a student's on-task learning time, the accessibility, availability and affordability of learning resources are significant factors in the quality of education of each student. The LRDC ensures accessible, available, affordable and equitable provision of resources to enhance learning to all Alberta Students no matter where in the province they live; this relates directly to Alberta Education Business Plan Goal #1.

8) AUTHORIZATION STATUS

Alberta Education groups student learning resources for use in Alberta schools into two categories - **Basic** and **Support**. This classification is intended to communicate the relative importance and role of student learning resources. Authorization means Alberta Education, under Section 25 (1) (b) of the Alberta School Act, has judged these student resources, be they textbooks, audio, video, CD-ROM, Distance Education or Correspondence Education, to be the most appropriate for a Course or Program of Studies and they have met Alberta Education criteria for acceptability. Authorized Teaching Resources are specifically reviewed and authorized for teacher use.

- a) **Student Basic Learning Resources** are authorized as the most appropriate for addressing the majority of learner expectations of course(s), substantial components of course(s), or the most appropriate for meeting general learner expectations across two or more grade levels, subject areas, or programs as outlined in provincial Programs of Study.
- b) **Student Support Learning Resources** are authorized to assist in addressing some of the learner expectations of course(s); or assist in meeting the learner expectations across two or more grade levels, subject areas, or programs as outlined in the provincial Programs of Study.

- c) **Authorized Teaching Resources** are teaching resources produced outside Alberta Education by publishers. They meet the criteria of review and usually support a student text. Some of these are authorized as Basic as well.

A Course of Studies is a legal document prepared for each course in each subject area at each level of learning. It may be a sub-unit of a Program of Studies. The major components of a Course of Studies are the philosophy, rationale, learner expectations and a listing of basic learning resources. A Program of Studies is a sequence of courses of study. Teachers may also want to consult an existing Curriculum Guide for suggestions on learning resource usage in the classroom.

Teachers and administrators are encouraged to consult the applicable Alberta Education "Program of Studies" and "Course of Studies" to help identify appropriate learning resources for classroom use.

- d) Alberta Education publications are published by the department and are given status as "Education Resources."
- e) LRDC also carries additional learning resources and materials that do not go through review and evaluation by Alberta Education, but are carried because Alberta schools have expressed a "need" or "demand" for these specific products. These additional resources are labelled in the Buyers Guide "Authorization Status" column as "**Extra Resources.**" Schools may choose to use these "extra" learning resources to supplement instructional activities or use them as instructional materials under Section 44 (2) (a.1) of the Province of Alberta School Act.

9) LEARNING RESOURCE PRICING Pricing

a) SELLING PRICE OF ALL LEARNING RESOURCES

Prices quoted are gross selling prices and do not include applicable credit allocations (LRCA) or 7% GST. For detailed information on LRCA refer to pages GI-1 and GI-2, or page GI-5 for GST.

b) SELLING PRICE DETERMINATION

We try to keep prices as low as possible by purchasing learning resources at lowest price and by keeping operating and inventory costs low. The **LRDC operates on a break-even financial basis** with a cost recovery mark-up on all products sold. There are two primary determinants of the LRDC Selling Price: (1) unit cost of products to the LRDC from publishers/suppliers, and (2) a small LRDC mark-up to cover internal operating and external transportation costs. *All LRDC selling prices include shipping and handling charges to Alberta destinations.*

"Markdown" selling prices on specified products apply only while quantities last and these products are **Non-Returnable**.

c) 1998-99 SELLING PRICE IMPACT

1998-99 Selling
Prices

The 1998-99 general net impact on prices to LRDC customers is an **average increase** of about 5.57% over 1997-98 prices. LRDC **suppliers increased** their costs to the LRDC by an average of 5.6% while the **LRDC maintained** the markup on the landed cost of goods at 15.6%, a 0.0% increase. The LRDC 1998-99 basic markup of 15.6% represents a 13.3% decrease from our 18.0% markup in 1987-88.

d) PRICE CHANGES

Pricing and Price
Changes During
LRDC Year

LRDC introduces new year product prices effective April 1 of each year. The **LRDC will hold selling prices until March 31, 1999, unless unusual circumstances warrant otherwise.**

10) COPYRIGHT

The Canadian Copyright Act is a federal law which protects intellectual property, that is the products of the minds of creators. The law protects every original literary, dramatic, musical and artistic work. It protects computer programs, videos, cassettes, records, paintings, sculptures, photographs, architectural works of art, engravings, maps, etc.

In Canada, the Copyright Act has never allowed the making of multiple copies of copyrighted print materials for use in classrooms. "Fair dealing," a defense to a charge of infringements, allows for the making of a copy of a non-substantial portion of a creative work for private study, research, criticism, review or newspaper summary. Anything more than that requires the permission of the author/publisher.

In 1993, Alberta's Minister of Education signed a Provincial Print License with the Canadian Reprography Collective (CanCopy) which allows the teachers of participating school jurisdictions and private schools to make class sets of certain materials only, in accordance with the License. If your school is part of the License, there will be a green and red poster and an Exclusions List over every photocopy machine. The terms of the License must be followed.

The License only covers print materials. The copying of computer programs must be done in accordance with the terms of the license covering that program. Audio-visual materials being shown in a school must have a public performance license attached to the film or the school must be covered by a site license. For "Home Use Only" videos cannot be used in a school unless there is a public performance site license.

Alberta Education produces many printed materials for use in Alberta schools. Many of these materials give permission for photocopying provided the purpose is educational and non-profit. Some materials have "all rights reserved" because they may contain copyrighted materials belonging to a third part from who Alberta Education has obtained permission to reproduce a certain number of copies. Always check the copyright page at the front of a document to see whether the rights are reserved or permission to copy has been given. **Distance and Correspondence Education materials have all rights reserved and therefore cannot be copied.**

For further information about copyright, contact Diane Gagnon of the Alberta Education Corporate Services and Information Access Branch at 427-2914.

The Buyers Guide provides important information about the accessibility, availability and affordability of (a) learning resources that should be used to meet learner and curricular expectations as defined in the Alberta Course of Studies and (b) also "high demand" learning products that teachers, students and parents can use to enhance student learning.

2) INTERNET ACCESS TO BUYERS GUIDE PRODUCTS AND ORDERING

3) LEARNING RESOURCES CREDIT ALLOCATION (LRCA)

Purpose

a) PURPOSE

The Learning Resources Credit Allocation (LRCA):

Assists eligible Alberta school authorities provide educational programming and enhance learning of Alberta Grades 1 to 12 students, by subsidizing up to 25% of the cost of learning resources to a credit dollar amount maximum for resources carried by and purchased from the LRDC.

Operating Principles

b) OPERATING PRINCIPLES

- School authorities eligible to receive the LRCA are:
 - ⇒ All school authorities receiving ASFF per pupil instructional grant;
 - ⇒ Accredited Private Schools under Section 22(2) of the School Act; and
 - ⇒ Band Operated and Federal Government Administered Indian Schools
- Eligible School Authorities receive **\$9.30** per grade 1 to 12 students, (as of September 30, 1997) **credit** at the LRDC for the **purchase of any** learning resource carried by the LRDC, unless otherwise noted.

Operating Procedures

c) OPERATING PROCEDURES

- **The 1998-99 credit ends March 31, 1999.**
- The LRCA **will automatically be applied** to the list selling price of any product at the time of invoicing until the full credit amount is used by the school authority or unless the purchase order requests that the LRCA not be accessed for the order.

NOTE: All LRDC invoices will identify the (a) amount of LRCA used and (B) amount remaining, by school and school authority.

- The LRDC will record and report LRCA purchases by individual school, on behalf of the school authority, only if requested by completing and returning Section I of Appendix B of the LRCA information package to the LRDC.

NOTE: Purchase orders must identify the school.

- The full list selling price will be charged once the credit amount is fully used.

4) Distribution of the Print Buyers Guide and Supplements

Timing and
Distribution Basis

a) PRINT VERSION

Each April a new print Buyers Guide is distributed to each School Authority Central Office for further distribution to their individual schools. The print Buyers Guide is split into three divisions for the English edition (Elementary, Junior High and Senior High versions) and one complete listing for French. With the increased accessibility of the LRDC Buyers Guide on Internet, the 1998-99 distribution ratio is based on one insert per school's grade designations and the same for Central Office use. Schools that may have no formal Central Office such as Private Schools, receive one copy. The 1998-99 Buyers Guide is listed for sale in the General Learning Resources section.

The LRDC hopes to eliminate the print Buyers Guide soon by having all customers access product information and ordering through its Internet site.

b) CONSOLIDATED SUPPLEMENTS

Consolidated
Supplements

The LRDC will continue to provide print Buyers Guide Supplements in 1998-99, listing new authorized resources since the issue of the annual Buyers Guide. Our goal is to reduce the number of supplements to one or two per year. When Supplements are received, you can recycle old Supplements and insert the "new" Supplement document after its corresponding tab. This format ensures customers will have to look in no more than two Buyers Guide documents to identify products they want to purchase.

c) FRENCH LANGUAGE INSTRUCTION EDITION BUYERS GUIDE

French Language
Instruction Edition
Buyers Guide

The French Language Instruction Edition Buyers Guide lists authorized products for Francophone and Immersion instruction. We send it to schools/school jurisdictions who offer French pursuant to Sections 5 and 6 of the Alberta School Act (1988). Extra copies are available for purchase - see General Learning Resource section.

5) Key Features of Our Buyers Guide

a) Product listings are organized in alphabetical order throughout, first by program/course area, grade/level, series (if applicable) and then by product name.

b) Alberta Education authorization designations are identified in the authorization status column. The authorization designations that have official authorized status with the department are Student Basic, Student Support and Authorized Teaching.

c) Most sections have their own individually numbered pages. e.g. SLR - 1 Second Language Resources, page 1; DE - 5 Distance Education section, page 5

d) Authorized Student Support learning resources not stocked for sale by the LRDC are listed as "VENDOR DIRECT". Please order directly from the publisher. Refer to our Publisher Index section for publisher information.

e) Authorized Resources which are "no longer available" from source are listed as "OUT OF PRINT."

f) New learning resources authorized and available since the 1997-98 Buyers Guide edition are identified by "New" in product listings.

Western Canadian Protocol resources are identified by "WCP" and Pan-Canadian resources are identified by "PCS".

- g) Authorized learning resources which may be **withdrawn** from the Alberta curriculum in August 1999 or later will be identified by an asterisk (*) and when possible by actual date.

- k) LRDC also carries additional learning resources and materials that do not go through review evaluation by Alberta Education, but are carried because Alberta schools have expressed a "need" or "demand" for these specific products. These additional resources are labelled in the Buyers Guide Authorization Status column as "Extra Resources." Schools may choose to use these "extra resources" to supplement instructional activities or use them as instructional materials under Section 44 (2) (a.1) of the Province of Alberta School Act.
- l) Distance Education and Correspondence Education course materials developed by Alberta Education, Learning Technologies Branch (LTB); and Distance Learning Options South (DLOS) are meant to be used in any educational setting.
- m) Authorized software programs are listed within their program/course area.
- n) CAMP (Classroom Assessment Materials Project) resources are listed within their appropriate program/course area. For ordering convenience, refer to our CAMP order form in the Customer Forms section.
- o) Previously Administered Diploma Examinations (Grade XII) can be used as study copies by teachers, students and parents and are now listed in their appropriate subject area.
- p) The Materials Resource Centre (MRC), a division of the LRDC, services, products and equipment are listed separately in the MRC Catalogue, except for Print Disability Audiotapes which are included in their own section in this Buyers Guide.

i) YEAR END (MARCH 31) ORDER FULFILLMENT

8) AUTHORIZATION STATUS

Alberta Education groups student learning resources for use in Alberta schools into two categories - **Basic** and **Support**. This classification is intended to communicate the relative importance and role of student learning resources. Authorization means Alberta Education, under Section 25 (1) (b) of the Alberta School Act, has judged these student resources, be they textbooks, audio, video, CD-ROM, Distance Education or Correspondence Education, to be the most appropriate for a Course or Program of Studies and they have met Alberta Education criteria for acceptability. Authorized Teaching Resources are specifically reviewed and authorized for teacher use.

- a) Student Basic Learning Resources are authorized as the most appropriate for addressing the majority of learner expectations of course(s), substantial components of course(s), or the most appropriate for meeting general learner expectations across two or more grade levels, subject areas, or programs as outlined in provincial Programs of Study.
- b) Student Support Learning Resources are authorized to assist in addressing some of the learner expectations of course(s); or assist in meeting the learner expectations across two or more grade levels, subject areas, or programs as outlined in the provincial Programs of Study.

- c) **Authorized Teaching Resources** are teaching resources produced outside Alberta Education by publishers. They meet the criteria of review and usually support a student text. Some of these are authorized as Basic as well.

A Course of Studies is a legal document prepared for each course in each subject area at each level of learning. It may be a sub-unit of a Program of Studies. The major components of a Course of Studies are the philosophy, rationale, learner expectations and a listing of basic learning resources. A Program of Studies is a sequence of courses of study. Teachers may also want to consult an existing Curriculum Guide for suggestions on learning resource usage in the classroom.

Teachers and administrators are encouraged to consult the applicable Alberta Education "Program of Studies" and "Course of Studies" to help identify appropriate learning resources for classroom use.

- d) Alberta Education publications are published by the department and are given status as "Education Resources."
- e) LRDC also carries additional learning resources and materials that do not go through review and evaluation by Alberta Education, but are carried because Alberta schools have expressed a "need" or "demand" for these specific products. These additional resources are labelled in the Buyers Guide "Authorization Status" column as "**Extra Resources.**" Schools may choose to use these "extra" learning resources to supplement instructional activities or use them as instructional materials under Section 44 (2) (a.1) of the Province of Alberta School Act.

9) **LEARNING RESOURCE PRICING**
Pricing

a) **SELLING PRICE OF ALL LEARNING RESOURCES**

Prices quoted are gross selling prices and do not include applicable credit allocations (LRCA) or 7% GST. For detailed information on LRCA refer to pages GI-1 and GI-2, or page GI-5 for GST.

b) **SELLING PRICE DETERMINATION**

We try to keep prices as low as possible by purchasing learning resources at lowest price and by keeping operating and inventory costs low. The **LRDC operates on a break-even financial basis** with a cost recovery mark-up on all products sold. There are two primary determinants of the LRDC Selling Price: (1) unit cost of products to the LRDC from publishers/suppliers, and (2) a small LRDC mark-up to cover internal operating and external transportation costs. *All LRDC selling prices include shipping and handling charges to Alberta destinations.*

"Markdown" selling prices on specified products apply only while quantities last and these products are **Non-Returnable**.

c) **1998-99 SELLING PRICE IMPACT**

1998-99 Selling Prices

The 1998-99 general net impact on prices to LRDC customers is an **average increase** of about 5.57% over 1997-98 prices. LRDC **suppliers increased** their costs to the LRDC by an average of 5.6% while the **LRDC maintained** the markup on the landed cost of goods at 15.6%, a 0.0% increase. The LRDC 1998-99 basic markup of 15.6% represents a 13.3% decrease from our 18.0% markup in 1987-88.

d) **PRICE CHANGES**

Pricing and Price Changes During LRDC Year

LRDC introduces new year product prices effective April 1 of each year. The **LRDC will hold selling prices until March 31, 1999, unless unusual circumstances warrant otherwise.**

10) **COPYRIGHT**

The Canadian Copyright Act is a federal law which protects intellectual property, that is the products of the minds of creators. The law protects every original literary, dramatic, musical and artistic work. It protects computer programs, videos, cassettes, records, paintings, sculptures, photographs, architectural works of art, engravings, maps, etc.

In Canada, the Copyright Act has never allowed the making of multiple copies of copyrighted print materials for use in classrooms. "Fair dealing," a defense to a charge of infringements, allows for the making of a copy of a non-substantial portion of a creative work for private study, research, criticism, review or newspaper summary. Anything more than that requires the permission of the author/publisher.

In 1993, Alberta's Minister of Education signed a Provincial Print License with the Canadian Reprography Collective (CanCopy) which allows the teachers of participating school jurisdictions and private schools to make class sets of certain materials only, in accordance with the License. If your school is part of the License, there will be a green and red poster and an Exclusions List over every photocopy machine. The terms of the License must be followed.

The License only covers print materials. The copying of computer programs must be done in accordance with the terms of the license covering that program. Audio-visual materials being shown in a school must have a public performance license attached to the film or the school must be covered by a site license. For "Home Use Only" videos cannot be used in a school unless there is a public performance site license.

Alberta Education produces many printed materials for use in Alberta schools. Many of these materials give permission for photocopying provided the purpose is educational and non-profit. Some materials have "all rights reserved" because they may contain copyrighted materials belonging to a third part from who Alberta Education has obtained permission to reproduce a certain number of copies. Always check the copyright page at the front of a document to see whether the rights are reserved or permission to copy has been given. **Distance and Correspondence Education materials have all rights reserved and therefore cannot be copied.**

For further information about copyright, contact Diane Gagnon of the Alberta Education Corporate Services and Information Access Branch at 427-2914.

LANGUAGE ARTS

Kindergarten

Note: Student and teacher resources for English Language Arts for Kindergarten to grade 9 are currently under review through the Western Canadian Protocol project. The new annotated list of resources should be available in fall of 1998. It is recommended that schools preview the new resources and select materials to best meet the needs of their students and community prior to provincial implementation September 1999.

Note: This resource consists of four compact discs, one for each of the four strands in the mathematics program, a Student Refresher, Teacher's Guide and Additional discs if required. The CD's present the grade nine mathematics program in an interactive manner. The instructional design of all lessons follow the pattern of an introduction, followed by a tutorial, examples for students, a summary, practice and problems, extra practice and a self check. Students are able to monitor their own progress through the various components of each lesson. Included is a stand-alone tracking program which allows the teacher to monitor each student's progress through the lesson and their self check results.

CD-ROM's

There are four CD's, one for each strand of the mathematics curriculum. In total there are 56 lessons in the complete set. The program is very interactive and uses many "explorers" which allow the student to simulate mathematics concepts that involve the solution of linear equations, factoring, solving right triangles, volume and surface area, geometric transformation, the line of best fit and probability. Also included on the CD's is a glossary which students can access as a pull down menu. Students can also set the sound level to their own liking. When working within the program students can control the pace that they are moving through the material. Motivational strategies are also included. Students are required to correctly answer questions and as they do a portion of a puzzle and jeopardy board hidden picture are revealed in the examples and the practice and problems components.

Affordability of
Learning Resources

The Alberta Education Learning Resources Distributing Centre (LRDC) Buyers Guide provides a **product listing of (1) all Alberta Education authorized learning resources and (2) extra learning resources that are carried by the LRDC based upon customer need and demand.**

It is the only Alberta Education document that identifies all Alberta Education authorized, approved and/or developed learning resources for use in delivering the Alberta curriculum.

The Buyers Guide provides important information about the accessibility, availability and affordability of (a) learning resources that should be used to meet learner and curricular expectations as defined in the Alberta Course of Studies and (b) also "high demand" learning products that teachers, students and parents can use to enhance student learning.

3) LEARNING RESOURCES CREDIT ALLOCATION (LRCA)

Purpose

a) PURPOSE

The Learning Resources Credit Allocation (LRCA):

Assists eligible Alberta school authorities provide educational programming and enhance learning of Alberta Grades 1 to 12 students, by subsidizing up to 25% of the cost of learning resources to a credit dollar amount maximum for resources carried by and purchased from the LRDC.

b) OPERATING PRINCIPLES

Operating Principles

- School authorities eligible to receive the LRCA are:
 - ⇒ All school authorities receiving ASFF per pupil instructional grant;
 - ⇒ Accredited Private Schools under Section 22(2) of the School Act; and
 - ⇒ Band Operated and Federal Government Administered Indian Schools
- Eligible School Authorities receive **\$9.30** per grade 1 to 12 students, (as of September 30, 1997) **credit** at the LRDC for the **purchase of any** learning resource carried by the LRDC, unless otherwise noted.

c) OPERATING PROCEDURES

Operating Procedures

- **The 1998-99 credit ends March 31, 1999.**
- The LRCA **will automatically be applied** to the list selling price of any product at the time of invoicing until the full credit amount is used by the school authority or unless the purchase order requests that the LRCA not be accessed for the order.

NOTE: All LRDC invoices will identify the (a) amount of LRCA used and (B) amount remaining, by school and school authority.

- The LRDC will record and report LRCA purchases by individual school, on behalf of the school authority, only if requested by completing and returning Section I of Appendix B of the LRCA information package to the LRDC.

NOTE: Purchase orders must identify the school.

- The full list selling price will be charged once the credit amount is fully used.

4) Distribution of the Print Buyers Guide and Supplements

Timing and Distribution Basis

a) PRINT VERSION

Each April a new print Buyers Guide is distributed to each School Authority Central Office for further distribution to their individual schools. **The print Buyers Guide is split into three divisions for the English edition (Elementary, Junior High and Senior High versions) and one complete listing for French.** With the increased accessibility of the LRDC Buyers Guide on Internet, the 1998-99 distribution ratio is based on one insert per school's grade designations and the same for Central Office use. Schools that may have no formal Central Office such as Private Schools, receive one copy. The 1998-99 Buyers Guide is listed for sale in the General Learning Resources section.

The LRDC hopes to eliminate the print Buyers Guide soon by having all customers access product information and ordering through its Internet site.

b) CONSOLIDATED SUPPLEMENTS

Consolidated Supplements

The LRDC will continue to provide print Buyers Guide Supplements in 1998-99, listing new authorized resources since the issue of the annual Buyers Guide. Our goal is to reduce the number of supplements to one or two per year. When Supplements are received, you can recycle old Supplements and insert the "new" Supplement document after its corresponding tab. This format ensures customers will have to look in no more than two Buyers Guide documents to identify products they want to purchase.

c) FRENCH LANGUAGE INSTRUCTION EDITION BUYERS GUIDE

French Language Instruction Edition Buyers Guide

The French Language Instruction Edition Buyers Guide lists authorized products for Francophone and Immersion instruction. We send it to schools/school jurisdictions who offer French pursuant to Sections 5 and 6 of the Alberta School Act (1988). Extra copies are available for purchase - see General Learning Resource section.

5) Key Features of Our Buyers Guide

- a) **Product listings are organized in alphabetical order throughout, first by program/course area, grade/level, series (if applicable) and then by product name.**

- b) Alberta Education authorization designations are identified in the authorization status column. The authorization designations that have official authorized status with the department are Student Basic, Student Support and Authorized Teaching.

- c) Most sections have their own individually numbered pages.
e.g. SLR - 1 Second Language Resources, page 1;
DE - 5 Distance Education section, page 5

- d) Authorized Student Support learning resources not stocked for sale by the LRDC are listed as "VENDOR DIRECT". Please order directly from the publisher. Refer to our Publisher Index section for publisher information.

- e) Authorized Resources which are "no longer available" from source are listed as "OUT OF PRINT."

- f) New learning resources authorized and available since the 1997-98 Buyers Guide edition are identified by "New" in product listings.

Western Canadian Protocol resources are identified by "WCP" and Pan-Canadian resources are identified by "PCS".

- g) Authorized learning resources which may be **withdrawn** from the Alberta curriculum in August 1999 or later will be identified by an asterisk (*) and when possible by actual date.
- h) Publisher, author, year of publication/copyright, edition and ISBN of product are provided where available.
- i) **General Learning Resources** section lists resources in the following product groups: atlases, globes, maps, dictionaries, thesauri, testing material, manipulatives and miscellaneous items.
- j) Alberta Education publications are listed within their appropriate program/course area and are listed as "Education Resources." Legal documents appear at the beginning of each section as well as in General Learning Resource (GLR) section. Other Alberta Education documents that are of a general nature and not subject/program specific appear in the GLR section.
- k) LRDC also carries additional learning resources and materials that do not go through review evaluation by Alberta Education, but are carried because Alberta schools have expressed a "need" or "demand" for these specific products. These additional resources are labelled in the Buyers Guide Authorization Status column as "Extra Resources." Schools may choose to use these "extra resources" to supplement instructional activities or use them as instructional materials under Section 44 (2) (a.1) of the Province of Alberta School Act.
- l) Distance Education and Correspondence Education course materials developed by Alberta Education, Learning Technologies Branch (LTB); and Distance Learning Options South (DLOS) are meant to be used in any educational setting.
- m) Authorized software programs are listed within their program/course area.
- n) CAMP (Classroom Assessment Materials Project) resources are listed within their appropriate program/course area. For ordering convenience, refer to our CAMP order form in the Customer Forms section.
- o) Previously Administered Diploma Examinations (Grade XII) can be used as study copies by teachers, students and parents and are now listed in their appropriate subject area.
- p) The Materials Resource Centre (MRC), a division of the LRDC, services, products and equipment are listed separately in the MRC Catalogue, except for Print Disability Audiotapes which are included in their own section in this Buyers Guide.

a) **LEARNING RESOURCE AVAILABILITY AND ACCESSIBILITY: DIRECT IMPACT ON QUALITY OF STUDENT LEARNING**

Educational research clearly concludes that the **quality of student learning, in part, is the direct result of the appropriate type and adequate number of learning resources being accessible and available** to teachers and students. 8) AUTHORIZATION STATUS

Alberta Education groups student learning resources for use in Alberta schools into two categories - **Basic** and **Support**. This classification is intended to communicate the relative importance and role of student learning resources. Authorization means Alberta Education, under Section 25 (1) (b) of the Alberta School Act, has judged these student resources, be they textbooks, audio, video, CD-ROM, Distance Education or Correspondence Education, to be the most appropriate for a Course or Program of Studies and they have met Alberta Education criteria for acceptability. Authorized Teaching Resources are specifically reviewed and authorized for teacher use.

- a) Student Basic Learning Resources are authorized as the most appropriate for addressing the majority of learner expectations of course(s), substantial components of course(s), or the most appropriate for meeting general learner expectations across two or more grade levels, subject areas, or programs as outlined in provincial Programs of Study.
- b) Student Support Learning Resources are authorized to assist in addressing some of the learner expectations of course(s); or assist in meeting the learner expectations across two or more grade levels, subject areas, or programs as outlined in the provincial Programs of Study.

- c) **Authorized Teaching Resources** are teaching resources produced outside Alberta Education by publishers. They meet the criteria of review and usually support a student text. Some of these are authorized as Basic as well.

A Course of Studies is a legal document prepared for each course in each subject area at each level of learning. It may be a sub-unit of a Program of Studies. The major components of a Course of Studies are the philosophy, rationale, learner expectations and a listing of basic learning resources. A Program of Studies is a sequence of courses of study. Teachers may also want to consult an existing Curriculum Guide for suggestions on learning resource usage in the classroom.

Teachers and administrators are encouraged to consult the applicable Alberta Education "Program of Studies" and "Course of Studies" to help identify appropriate learning resources for classroom use.

- d) Alberta Education publications are published by the department and are given status as "Education Resources."
- e) LRDC also carries additional learning resources and materials that do not go through review and evaluation by Alberta Education, but are carried because Alberta schools have expressed a "need" or "demand" for these specific products. These additional resources are labelled in the Buyers Guide "Authorization Status" column as "**Extra Resources.**" Schools may choose to use these "extra" learning resources to supplement instructional activities or use them as instructional materials under Section 44 (2) (a.1) of the Province of Alberta School Act.

9) **LEARNING RESOURCE PRICING**
Pricing

a) **SELLING PRICE OF ALL LEARNING RESOURCES**

Prices quoted are gross selling prices and do not include applicable credit allocations (LRCA) or 7% GST. For detailed information on LRCA refer to pages GI-1 and GI-2, or page GI-5 for GST.

b) **SELLING PRICE DETERMINATION**

We try to keep prices as low as possible by purchasing learning resources at lowest price and by keeping operating and inventory costs low. The **LRDC operates on a break-even financial basis** with a cost recovery mark-up on all products sold. There are two primary determinants of the LRDC Selling Price: (1) unit cost of products to the LRDC from publishers/suppliers, and (2) a small LRDC mark-up to cover internal operating and external transportation costs. *All LRDC selling prices include shipping and handling charges to Alberta destinations.*

"Markdown" selling prices on specified products apply only while quantities last and these products are **Non-Returnable**.

c) **1998-99 SELLING PRICE IMPACT**

1998-99 Selling
Prices

The 1998-99 general net impact on prices to LRDC customers is an **average increase** of about 5.57% over 1997-98 prices. LRDC **suppliers increased** their costs to the LRDC by an average of 5.6% while the **LRDC maintained** the markup on the landed cost of goods at 15.6%, a 0.0% increase. The LRDC 1998-99 basic markup of 15.6% represents a 13.3% decrease from our 18.0% markup in 1987-88.

d) **PRICE CHANGES**

Pricing and Price
Changes During
LRDC Year

LRDC introduces new year product prices effective April 1 of each year. The **LRDC will hold selling prices until March 31, 1999, unless unusual circumstances warrant otherwise.**

10) **COPYRIGHT**

The Canadian Copyright Act is a federal law which protects intellectual property, that is the products of the minds of creators. The law protects every original literary, dramatic, musical and artistic work. It protects computer programs, videos, cassettes, records, paintings, sculptures, photographs, architectural works of art, engravings, maps, etc.

In Canada, the Copyright Act has never allowed the making of multiple copies of copyrighted print materials for use in classrooms. "Fair dealing," a defense to a charge of infringements, allows for the making of a copy of a non-substantial portion of a creative work for private study, research, criticism, review or newspaper summary. Anything more than that requires the permission of the author/publisher.

In 1993, Alberta's Minister of Education signed a Provincial Print License with the Canadian Reprography Collective (CanCopy) which allows the teachers of participating school jurisdictions and private schools to make class sets of certain materials only, in accordance with the License. If your school is part of the License, there will be a green and red poster and an Exclusions List over every photocopy machine. The terms of the License must be followed.

The License only covers print materials. The copying of computer programs must be done in accordance with the terms of the license covering that program. Audio-visual materials being shown in a school must have a public performance license attached to the film or the school must be covered by a site license. For "Home Use Only" videos cannot be used in a school unless there is a public performance site license.

Alberta Education produces many printed materials for use in Alberta schools. Many of these materials give permission for photocopying provided the purpose is educational and non-profit. Some materials have "all rights reserved" because they may contain copyrighted materials belonging to a third part from who Alberta Education has obtained permission to reproduce a certain number of copies. Always check the copyright page at the front of a document to see whether the rights are reserved or permission to copy has been given. **Distance and Correspondence Education materials have all rights reserved and therefore cannot be copied.**

For further information about copyright, contact Diane Gagnon of the Alberta Education Corporate Services and Information Access Branch at 427-2914.

CHOICES CAREERWARE

CHOICES engages high school students in an interactive, computerized process that heightens self-awareness, helps them set priorities, and develops career decision-making skills. Students learn what is important in finding an occupation, and are then assisted in identifying promising career paths. The program includes online computerized versions of the 144-item Career Area Interest Checklist and the 75-item Work Preference Checklist.

The CHOICES OCCUPATIONS and EDUCATION COMPONENTS are now combined into one integrated program. The Occupations Component contains over 1200 detailed occupational profiles, with an additional 3000 occupational descriptions. Students can now search actual job listings by using CHOICES' direct INTERNET connection to Canada's JOB BANK. The Educational Component compliments the occupational database by providing students with up-to-date information for over 1000 post-secondary institutions and over 1300 programs of study across Canada. Students can now use the INTERNET to connect to post-secondary institutions directly from CHOICES, where they can apply electronically or simply select information from the web-site. CHOICES shows students how to compare their options and plan their educational future.

The CHOICES Multi-Media Option, which features live action video, can be accessed directly while viewing CHOICES occupational information on the computer screen. Over 125 careers are contained in the 3 CD-ROM package.

The CHOICES U.S. Undergraduate File contains comprehensive and up-to-date information on more than 4000 U.S. colleges, trade and technical schools and more than 800 undergraduate majors. Students can search the database using such topics as State, degrees offered, admission requirements, athletic programs, student housing and tuition fees.

CAREER AND TECHNOLOGY STUDIES

WHAT IS CTS?

Career and Technology Studies (CTS) restructures and will replace the present Practical Arts courses - Business Education, Home Economics, Industrial Arts and Vocational Education. CTS also encompasses Computer Studies, Agriculture: Land and Life, and Work Experience. CTS offers new curriculum with updated processes and technologies. There will be new, up-to-date resources and expanded delivery systems.

CTS is organized into 22 strands. Each strand is composed of modules, which are blocks of learning equivalent to one high school credit. Modules are organized into three levels: introductory, intermediate and advanced. Students are expected to demonstrate a higher degree of competence and to meet higher standards as they move from the introductory level through the intermediate level to the advanced level.

WHAT ARE THE TIMELINES?

CTS strands are being phased in gradually. Each strand has an optional implementation phase, in which schools may or may not offer it. Nineteen strands are available for implementation on an optional basis as of September 1995. Full implementation of all 22 strands is scheduled for September 1997. Please see the attached CTS Implementation Schedule for more information.

HOW WILL CTS AFFECT YOU?

CTS encourages the use of a variety of print media and resources. Some resources listed in this guide will be replaced once the curriculum review process is complete. Consult the CTS Implementation Schedule before purchasing resources for current practical arts courses.

DISTANCE EDUCATION

- **DISTANCE EDUCATION MATERIALS ARE MEANT TO BE USED IN ALL AND ANY EDUCATIONAL SETTINGS.**
- **ORDERING OF CORRESPONDENCE EDUCATION TEACHING KEYS AND LEARNING FACILITATOR'S MANUALS**

Correspondence Education Teaching Keys and Distance Education Learning Facilitator's Manuals (LFM's) must be ordered on an Official School Jurisdiction Purchase Order or they may be purchased by Teachers if they quote their Teacher Certification numbers. The LRDC reserves the right to verify Teacher Certification numbers.

- **BUYERS GUIDE ASTERISK (*)**

Most resources identified with an asterisk (*) will be replaced by a new Distance Education course usually within 1-3 years.

- **AUTHORIZED RESOURCES - OUT OF PRINT**

For your convenience, all out of print resources which are no longer available from the publisher will be listed in the appropriate course and grade for which they were originally authorized. These resources are **REQUIRED** to complete the course. The Alberta Distance Learning Centre (ADLC) may have limited copies which are loaned to their Registered Students **ONLY**.

- **ACCESS VIDEOCASSETTES**

ACCESS videos which are not carried by LRDC are included throughout the regular listings of the Buyers Guide. Please check the ACCESS Network Media Resource Centre catalogue for the availability status of these authorized videos.

- **VIDEOCASSETTES**

Videocassettes from a local video rental outlet or the Public Library can **ONLY** be used in the home. It is a violation of Canadian Copyright Law to use "for home use only" videos in a classroom. In Canada a classroom is considered a public place and a video must have a public performance license attached or the school must be part of a site license from an authorized Canadian distributor whose repertoire includes the title of the video.

FOREWORD

DISTANCE AND CORRESPONDENCE EDUCATION PRODUCTS

1) Distance and Correspondence Education Course Materials

Alberta Education, through the Learning Technologies Branch (LTB) and Language Services Branch (LSB) develops two types of material:

a) Distance Education Course Materials (DE)

Newly designed course material that incorporates modified learning strategies and the use of technology are identified as "Distance Education" resources. All DE resources are authorized for use in the regular classroom or any other educational setting.

b) Correspondence Education Course Materials (CE)

These are the course materials that have traditionally been prepared and are identified as "Correspondence Education" courses. All CE resources are authorized for use in the regular classroom or any other educational setting.

2) Distance Education Materials Intended Target and Use

Distance Education materials have been developed for a variety of educational applications: (1) individual students who are unable to attend school, (2) individual students who are unable to enroll in a particular course, (3) teachers to use for either an in-classroom Distance Education Program or for regular in-classroom use, (4) teacher reference material, (5) student reference material, etc. The materials have been designed in meeting individual student needs through the use of modular components as part of a student learning strategy.

3) Types of DE/CE Course Materials

- a) Each Distance Education course generally consists of 4 to 8 student modules which are intended to be used by individual students.
- b) Each module has one corresponding assignment booklet.
- c) All courses have a Learning Facilitator's Manual (LFM) which provides teachers with hands-on assistance in "how" to deliver the Distance Education program/course. Most LFM's contain a sample test and answers as well as the answers to the lessons; therefore, **they are available only to schools** on a school/ jurisdiction purchase order and/or to teachers with a verifiable teaching certificate number.
- d) Many of the teaching keys (for CE courses) are poor quality in terms of reproduction. Refer to the description of the teaching key you require for information on status of print type.
- e) Some Junior High DE Courses have Student Support Guides to accompany the modules. They are intended for the Registered Student or the non-classroom student. The same information is included in the LFM for the classroom students.
- f) The Distance Education Program also involves a variety of non-print material. The LRDC Buyers Guide identifies a large number of the non-print materials and where you are able to access them. Many of the videos are available through the Regional and Urban Film Centres as part of an Alberta Education negotiated Provincial License; as well, many are available through ACCESS.

4) Pricing Structure

General pricing for Distance and Correspondence resources are:

- a) All LRDC prices are generally based upon full cost recovery of goods, reproduction and distribution costs.
- b) In general, DE student print material prices are \$15.00 per credit, while CE material prices are \$7.00 per credit.
- c) Assignment booklets are available in complete sets. Pricing is \$2.00 x the number of module booklets in the set.
- d) Price changes are effective April 1, 1998.
- e) All DE/CE materials qualify for the Learning Resources Credit Allocation (subsidy of 25% per unit) if purchased from the Learning Resources Distributing Centre by an eligible school authority.

5) Ordering DE/CE Products

The following ordering information pertains to anyone requiring DE/CE materials:

- a) Use the regular LRDC ordering process for submitting orders to the LRDC.
- b) The LRDC will carry only required non-print materials developed by the LTB or Language Services Branch, but may produce some non-print materials that have been acquired by Alberta Education, with the LRDC having the right to reproduce. The Buyers Guide identifies most of the non-print resources that have been authorized and where they can be purchased.
- c) Most textbooks required for DE/CE, whether for registered or non-registered students, may be ordered from the LRDC. Note: In some courses such as the Elementary subjects and Spanish 15/25 the textbooks are out of print and not available from LRDC. In these cases, to acquire the textbook the student(s) must register in the course with the ADLC (the book is then loaned to the student with a caution fee).
- d) A list of required laboratory loan supplies are provided with most science subjects. The LRDC does carry these kits (which include required supplies that are disposable; reusable items are provided to Registered Students only as a loan item).

6) Copyright

Alberta Education Distance and Correspondence materials that have a selling price are not to be photocopied or reproduced in any form. Because of the third party provision and cost recovery nature of the production of these materials, copyright releases cannot be granted.

For further information about copyright, contact Diane Gagnon of the Corporate Services and Information Access branch at (403) 427-2914.

7) Contact Persons

- a) **LRDC Customer Service and Marketing** (Ph. (403) 427-5775 or Fax (403) 422-9750) for information on DE/CE materials availability, ordering and distribution.
- b) **LRDC Product Acquisition and Management** (Ph. (403) 427-5258 or Fax (403) 422-9750) for information on Distance and Correspondence Education courses/ resources, production and schedule of availability.

FOOLPROOF SECURITY SOFTWARE

FoolProof Security Software is Eligible For Purchase By Alberta Educational Institutions Only

FoolProof Security Software from SmartStuff Software Inc. is a powerful, full featured desktop solution. This cross-platform, fully network-compatible software protects the operating system and hard-drive, allows multiple security groups, locks applications and control panels, directs file saving, provides Internet access security and controls system startup, all in a one-step installation.

Alberta Education's LRDC provincially negotiated and acquired FoolProof in a bulk purchase for Alberta schools at a substantially reduced price.

IMPORTANT ORDERING INFORMATION: To take advantage of the best possible pricing and for easy, effective implementation of the software in your schools, the LRDC and SmartStuff Software Inc. request that **DISTRICT SCHOOLS WORK TOGETHER THROUGH THEIR DISTRICT TECHNOLOGY COORDINATOR (DTC) OR EQUIVALENT TO EVALUATE AND COORDINATE THE PURCHASE OF FOOLPROOF.**

ONCE it is determined how many of your district school computers need to be licensed for FoolProof, the DTC should contact and/or send a purchase order to the LRDC for media and manuals and the type of licenses that are required.

FoolProof Software is sold as **LICENSES** to cover copyright permission for all stations or cpu's. The district requirements should be purchased on a per platform basis, by ordering at least 1 copy of the **MEDIA** and the rest of the order requirements should be **LICENSES** or **BUILDING SITE LICENSES** to cover all cpu's. **MANUALS** are sold separately.

EXAMPLE; A district has 110 Windows 95 stations in 4 of their district schools - the order to the LRDC would be for **1 or more WIN 95 Media** and **110 WIN 95 License Paks** and the required number of **Manuals**. The LRDC invoice and/or pick ticket are your legal proof of purchase as there is no actual **LICENSE COMING FROM THE LRDC**.

ONCE your order is received from the LRDC, the DTC must contact Smartstuff to register your FoolProof acquisition 1-800-671-3999 to obtain the necessary **CODES** to the password-protected software and receive your certificate of purchase and licensing information.

AGAIN, it is recommended that the DTC or equivalent coordinate the entire process as they will also be the focal contact person for SmartStuff regarding technical information as well.

for the Visually Impaired

MRC PRINT DISABILITY AUDIOTAPE PRODUCTS

- Selected curriculum resources in audiotape are sold to schools for use by students in grades 1 to 12 who have a print disability and have an individualized program plan (IPP) that specifies the use of audiotape.
- A print-disabled student means a student who is unable to effectively use conventional print reading materials due to a physical disability or due to a learning disability. (For a definition of learning disabilities, see the Guide to Education for Students with Special Needs.)
- The available products are 2 track audiotapes. The Materials Resource Centre for the Visually Impaired (MRC) produces these resources from an audio master previously recorded by the MRC for students who are visually impaired and for only those resources for which copyright authorization exists or has been obtained.
- Print disability audiotape products qualify for the 25% Learning Resource Credit Allocation (LRCA) when ordered by eligible school authorities.
- Returns will be accepted within 4 weeks from date of receipt from LRDC. A finance and restocking charge of up to 15% will be applied.
- Audiotape resources which contain between one and eight cassettes are priced at \$8.50 a cassette. Audiotape resources containing nine to eleven cassettes cost \$74, \$80 and \$86 respectively. Twelve or more cassettes cost \$92.
